### International Witness (MCCanada)

On 3 April 2024, Taiwan was struck by its most powerful earthquake in 25 years... which measured 7.5 in magnitude. Leaders of FOMCIT (the Mennonite church in Taiwan) report that no members were injured. However, at least nine people have been reported killed, more than 900 injured, and property damage is widespread. The Mennonite hospital in Hualien is prepared to receive emergency patients. Let us pray for comfort for those who have lost loved ones and for the people who are suffering after the earthquake. Pray for the rescuers searching for trapped people in unstable wreckage with the possibility of aftershocks. Pray for medical teams that are helping the victims.
